Soldiers Homeste'd Rights New Ruling.

Col. D. W. Houston, who has a claim in the Bynum Valley, induced one of the Kansas Congressmen to take the matter up with the Department and has secured a ruling from the Commissioner of the General Land Office entitling soldiers of the Civil and Spanish wars to 'all the rights under the 320 acre act they had, and have, under the old law. That is to say they can homestead 320 acres and have the time of military service deducted from the five years residence required, the same as they could under the law before this act passed.

In Just One Glass.

A drinking glass, used in a school for nine days, was recently put under a microscope, and here is what is found:

"The human cells scraped from the lips of the drinkers were so numerous on the upper third of the glass that the head

of a pin could not be placed anywhere without touching several of these bits of skin. The saliva, by running down on the inside of the glass had carried cells and bacteria to the bottom. By counting the cells present on 50 different areas on the glass, as seen under the microscope, it was estimated that the cup contained over 20,000 human cells or bits of dead skin. As many as 150 germs were seen clinging to a single cell, and very few cells showed less than 10 germs. Between the cells were thousands of germs, left there by the smears of saliva deposited by the drinkers. Not less than one hundred thousand bacteria were present on every square inch of glass."

A nice, clean glass, this! And yet in almost every school house today are similar glasses out of which our children drink.—Ladies Home Journal.

Household Economy.

An exchange recommends "Potato Water" as a cure for chilblains—stating that it should be prepared same as for yeast in bread making, and that the feet should be soaked in the liquid for 14 minutes, before going to bed. It also adds that the water can be used afterward for making yeast cake for your neighbors, so there is no loss in using the brew.

W. M. Hayward, of Albuquerque, representing the Fairbanks Soap Co., of Chicago, was calling on the trade on last Thursday.

Broom Corn.

It is early yet to consider 1910 crops, but better plan early than too late. In this connection we want to urge broom corn for the leading money crop. It is easily grown, matures and is ready for market sooner than most crops; and will do about as well on sod as on old ground. It is worth big money now and is likely to be very little cheaper another year than it is at present. Arrangements are being made by some of our business men to get a good supply of seed and we hope to see a big crop of it planted. It was a winner in the early days of Oklahoma, and is largely planted in that state even yet. It stands drouth as well as any crop grown, and there is no doubt that it adapted to this soil. Farmers need a crop that will bring cash, and in our opinion broom corn is the answer. By planting at intervals you can have your harvest begin in July, and continue until frost—and it is cash on the paddle whenever you have it ready for market. There is no crop easier to raise and to handle, and it brings from \$50 to \$200 per ton. It takes ordinarily from four to five acres to yield a ton of brush. The stalks make good fodder.

Boaz News.

In Memorium.

The writer was called upon to preach the funeral of Mrs. Susie B. Colvard who was born July 5th, 1893, at Mullinsville, Kas., and died Dec. 21st, 1909, at the home of her father, H. W. Colvard about eight miles South-east of Boaz, and was buried at Rock Valley. She was ill for many months, but bore her suffering with a Christians faith and a hope of an eternal life in the bright Heaven above. May God bless her twin brother, —rthur, her father and her others and sisters, also her great annt, Mrs. Elizabeth Hinshaw, most of whom are with us, and may they be resigned to the will of God, realizing that, even though they can never bring her back, they can go to where she is, by holding out faithful to the end as Christian soldiers, and in the glad morning of the resurrection, when the Trumpet shall blow, may they all be reunited, and be made perfect in the likeness of our Savior.

The writer was called upon to unite in Holy Bonds Prof. Lennox G. Weaver and Miss Nellie C. Crain at the home of the bride eight miles West of Boaz, Dec. 26th. They are an accomplished Christian couple and bid fair to have a long and prosperous life. Mr. Weaver is teaching the school at Elkins, and his new bride is teaching the Lakeside school. Both of them have a very fine claim and intend to make this their future home. We join their many friends in wishing them well.

Engagement Cancelled.

Owing to an imperative call elsewhere, Prof. Tinsley cannot meet his appointment at Kenna the 12th. He will be with us early in February, and at that time it is hoped that he will establish one or two experiment farms near Kenna. Dute notice will be given of his next date, and every farmer should make it a point to be present.

Contest Notice.

6773.
Department of the Interior, United States Land Office, Roswell, New Mexico, Dec. 27, 1909.

A sufficient contest affidavit having been filed in this office by Andrew J. Shropshire, contestant, against Homestead Entry, No. 9059, made September 4, 1906, for Southeast quarter Section 15, Township 6 South, Range 33 East, N. M. P. Meridian, by Herman L. Russle, contestee, in which it is alleged that said Herman L. Russle has never established residence on said land, has wholly abandoned the same and has been absent therefrom a period of more than six months since making said entry; that he has not resided upon said land nor cultivated the same nor any part thereof as required by law, said parties are hereby notified to appear, respond, and offer evidence touching said allegation at 10 o'clock a. m. on Jan. 31, 1910, before Charles E. Hall, United States Commissioner at his office in Elida, New Mexico, and that final hearing will be held at 9 o'clock a. m. on Feb. 9, 1910, before the Register and Receiver at the United States Land Office in Roswell, New Mexico.

The said contestant having, in a proper affidavit, filed Dec. 27, 1909, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.

T. C. TILLOTSON, Register.

CONTEST NOTICE.

Department of the Interior, United States Land Office at Roswell, N. M., Dec. 30, 1909.

A sufficient contest affidavit having been filed in this office by H. W. Colvard, of Kenna, New Mexico, contestant, against homestead entry, no. 11335 made March 25, 1907 for NW 1/4, section 24, township 7S, range 32 E by Robert H. Ratcliff, contestee, in which it is alleged under date of September 1909, that said Robert H. Ratcliff has wholly abandoned said tract, has not resided upon, improved or cultivated said land or any part thereof for more than six months next prior to date of said affidavit, and

That said alleged absence from said land was not due to his employment in the Army, Navy, or Marine Corps of the United States in any capacity in time of war. Said parties are hereby notified to appear, respond and offer evidence touching said allegation at 10 o'clock a. m. on Jan. 31, 1910 before W. T. Cowgill, U. S. Commissioner at his office in Kenna, N. M. (and that final hearing will be held at 9 o'clock a. m., on Feb. 10, 1910 before) the Register and Receiver at the United States Land Office in Roswell, N. M.

The said contestant having, in a proper affidavit filed Dec. 30, 1909 set forth facts which show that after due diligence personal service of this notice cannot be made, it is hereby ordered and directed that such notice be given by due and proper publication.
